

AUGUST

SWIMMER OF THE MONTH

STROKE CORRECTION GROUP: TRENTON

This little boy has come along in leaps and bounds with his swimming. He graduated from the learn to swim pool with Abi earlier this year. His first few lessons at with me at his new venue was quite daunting for him, coming from a cosy small pool environment to a now much larger pool. He now swims like a true fish, with no hesitations. Keep up the good work Trenton!

LEVEL 3 SQUAD: MELANIE

Melanie showed a lot of commitment during a trying time while I was away for a month. She continued to come to all sessions despite the fact that her usual training buddies were all away. This has shown me that Mel is truly committed to reaching the next level of the sport and I am certain she will.
