## SWIMMER OF THE MONTH

---

### **BABY GROUP: JAYDA**

Jayda Bergsma is turning 3 in a couple of months and has really turned a corner in her swimming! Being in our Baby Swimming Program has helped her go from being so scared of placing her eyes in the water, to being able to jump in the pool and turn around to catch the wall. In a few months she will graduate into our Learn To Swim program! We are so proud of her!

### **STROKE CORRECTION: KENYATTA**

Kenyatta has only been swimming with me for a few weeks now, but I have known him for quite some time while teaching him in his PE classes. He has improved so much since he started, and I am amazed at how much he pushes himself in every lesson! He often tells me how sore his legs are from kicking, but he is determined to kick as fast as possible and make it to the end strong! I am so incredibly proud of you my boy!
